San Diego Bicycle Club

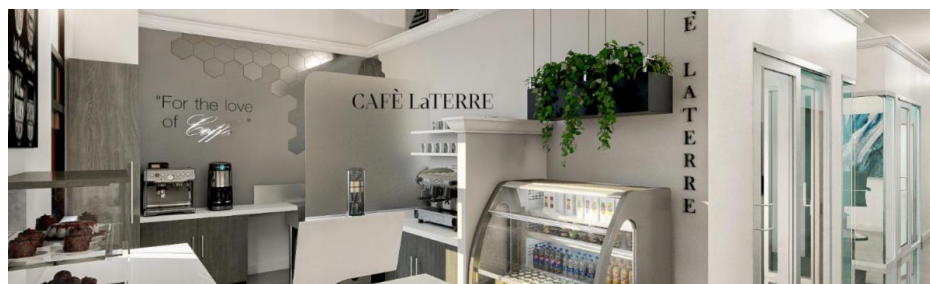

President's Message

Our Saturday rides are growing! Many thanks to [Charlie Sykes](#) for all of the hard work he puts in to make these rides a success. Not only does he manage the ride leaders, but he also "herds the cats" every Saturday during his announcements and then he leads the D4 ride. If you have not ridden with Charlie yet, I recommend it. He is a master at making new riders feel comfortable and safe while having a BLAST!

Our team picture is scheduled for Saturday, **August 13th at 8 am**. Please be there with your **2022 SDBC kit** on! If anyone knows of a photographer who would like to help us, please shoot me an email. Richard Lee typically does these but he is not available.

Enjoy our incredible San Diego weather, and I hope to see you Saturday.

Cheers,
Vali Holroyd

Tour de France

July 14th is **Bastille Day**, a national holiday in France. And because of the increased crowd sizes, the **Tour de France** typically has one of the top stages of the tour scheduled for the day. This year the **route** finishes on the iconic **Alpe d'Huez** which has a long history with the tour. On paper, yesterday was the hardest stage this year and team tactics made the day one of the most exciting to watch. The results are going to make today's stage even more exciting. And there are still 10 more stages!

Great White North

Our SDBC members are traveling the world and finding amazing places to ride. Robert Leeta posted beautiful pictures of a ride in Canada from Canmore to Banff where they have unique road hazards to avoid (such as bighorn sheep.)
